### THE CAPITAL JOURNAL.

WEDNESDAY, MARCH 16, 1892.

GEORGE D. GOODHUE. K. CAHILL.

**BUILDING MATERIAL.**  
Lime, cement, plaster, hair, fire and building brick, fire clay, sand, gravel, blacksmith and house coal, wood, all kinds, wholesale and retail. Office 85 State street.  
GOODHUE & CAHILL.

**Ice Cream Every DAY,**  
constantly kept on hand.  
WESTCOTT & IRWIN.

**A GRAND INSTITUTION.**—Last Saturday was pay day at the Salem Woolen mills, on which occasion over \$1900 was paid out to the employees of that manufacturing concern. Next month that amount will be increased, as the business is constantly growing. An order was yesterday received from the Portland agents of a big Northern firm for 160 pairs of their celebrated blankets, with 400 more to follow. This is only a sample of what this big institution is doing all the time for Salem. The growing demand for their goods and increasing trade all the time at their store indicates the reputation they are making.

**ABANDONED.**—The Salem Street Railway company has abandoned the Center street line and will not for the present run any cars there. The company is still in hopes of being able to extend its franchise so as to enlist capital and convert it into a motor line. Messrs. Cottle and Derby are going to the eastern part of the county this week to look up a new right of way.

**NOT FOUND.**—Reports reached Salem Tuesday evening that Mrs. Elisabeth Whelan, a 55-year-old woman who lives on the prairie south of Brooks, had disappeared. The Salem police and sheriff and deputies are all on the lookout for the lost woman, but so far there has been no clue discovered.

**UNITED BRETHREN REVIVAL.**—The sermon by Rev. P. B. Williams at the C. P. church last night was a grand presentation of Gospel truth. Subject: "Heaven." A large and appreciative audience was present. Meetings every day at 3 p. m. and 7:30 p. m. Let all who are interested come.

**A POSTOFFICE FIGHT.**—At Turner some of the Republicans of the town are petitioning to have the postoffice taken from the present Democratic incumbent, Mr. Thomas, and have it placed in the store of Schmidt & Howe. A strong remonstrance is also being got up in behalf of Mr. Thomas.

**REMEMBER THE ENTERTAINMENT.**—To be given by the Children's Mission band at the M. E. church this evening at 7:30 o'clock. Admission, 15 cents; children, 10 cents.

**ALL RIGHT.**—If you can write and want a good essay writing pen No. 4, at Frank S. Dearborn's book store.

**Ladies.**—Our spring jackets have arrived. You are cordially invited to call and see them. Capitol Adventure company.

**Butter and eggs,** the freshest at all times, at Simpson Bros.' Electric grocery.

**The most complete line of art materials,** including the standard colors and other art goods at Geo. F. Smith's, Corlie block.

**Remember that fine prize Hinz piano at Krause Bros.' will be given away July 1st.**

### COUNCIL PROCEEDINGS.

**Remonstrance Tabled, Bills Allowed.**  
—South Commercial Bridge Ordered Built and the Street Improved.

The regular meeting of the city council was held Tuesday evening. All the councilmen were present, except Collins who is still in California, and Mayor D'Arcy in chair. **REPORTS OF COMMITTEES.**

**UNFINISHED BUSINESS.**  
Communication of John Savage, Jr., relative to selling to city his street sprinkling outfit at a low rate. Referred to ways and means committee.

Petition of Rhoda W. Edes for right to make connection with Court street sewer was granted.

Petition to require the north end of Cottage street to be improved where it abuts the property of C. W. Pugh. Referred to street committee.

Remonstrance of O. Dickinson and others against building any bridge on South Commercial street.

Hunt favored tabling. The time was at hand for building that bridge. It could be done for less than \$2000. This remonstrance meant allowing the railroad to go over on stilts and encumbering the street so that it would be ruined as a public highway. Moores said until recently he had opposed a bridge, but a visit to the street on the other side of the bridge convinced him that something must be done and done at once. There was no escape from improving that street. It was a mere matter of precaution to widen the street at once.

**A GOOD HIT.**

Hutton spoke of expense of the city ordering for street work so many plans, specifications and surveys, costing thousands of dollars during the past year and not a bit of work done on the streets to show for it. He was tired of this dilatory, do-nothing policy. Before any more such expense was incurred he wanted to see something done on the streets.

**Streets and Public Buildings:** favorably a petition of citizens for a new sidewalk on south side Leslie street, between Commercial and Church streets. Adopted and work ordered done.

Also favorably on petition of W. T. Rigdon and others on Nineteenth street, from State to Turner road. Adopted and work ordered done.

Fire and Water: favorably on petition of Leo Willis for right to build a branch sewer from residence to Marion street sewer at his own expense. Report referred.

Further time was granted same committee on communications of Chief Low of the fire department relating to paid fire department and hydrants. Granted.

Petition of State Poultry and Pet Stock show to hold show two days without license fee. Granted.

Moores submitted resolutions setting forth the necessity of grading South Commercial street from the city limits to the bridge.

Petition of S. T. Farrens for permission to canvass was rejected.

Moores' resolutions ordering South Commercial street graded and bridge built full width of street was taken up, and Hutton moved that contract for pile bridge be made sixty feet longer. Adopted as amended.

**ORDINANCES.**  
An ordinance to fix grades of

Commercial street from Trade to south side of city limits was read first and second time. Referred to committee on ordinances.

An ordinance providing for grading, graveling and curbing Chemo-keta street was read twice and referred.

Matter of ditch through Depot addition was referred to city attorney.

Johnson moved that plans and specifications be prepared and bids be advertised for improvement of South Commercial street. Carried. The council adjourned.

### THE PILE BRIDGE GOES.

**South Commercial Street Ordered Improved From the City Limits to Trade Street.**

Following resolutions were offered at the council meeting Tuesday evening and unanimously adopted:

**RESOLUTIONS.**  
Whereas, The condition of Commercial street south of what is known as the covered bridge is such as to require immediate attention and

Whereas, A large proportion of earth that is needed for the completion of a new bridge across the creek at this point can be secured by excavating said street, and

Whereas, A bid for the construction of said proposed bridge for the sum of \$2491 has been submitted, therefore be it

Resolved, That an ordinance be prepared providing for the grading of said street, from the southern limits of the city to said bridge-down to the grade already fixed by the city surveyor, and that a contract for the building of said bridge for the sum of \$2491, be at once entered into with J. E. McCoy, with the understanding that at least \$1000 of said amount shall be paid by the Capital City Railway company, and with the further understanding that in consideration of the right accorded the city of using the dirt so excavated for filling the southern extension of said bridge fifty per cent. of the total cost of such excavating shall be paid by the city.

All of the money paid by the city in the improvement of said street and the building of said bridge to be derived from the proceeds of the city's proportion of the county road tax.

**AMENDMENT.**  
Upon motion of Mr. Hutton, before the above resolution was adopted, it was amended to extend the bridge above referred to sixty feet longer to the south, at expense pro rata for this increased length according to above bid.

**THE POULTRY SHOW.**  
Will Be a Great Success—Friends of Poultry and Pet Stock Getting to the Front.

Remember the dates—March 25-6. The 25th is the date of the great annual stallion show at Salem. Bring in the women and children to see the poultry and pet stock.

There will be fine music by the Second Regiment band during the entire two days of the poultry show.

A number of the largest breeders in the valley have already responded and the show will be a big one.

A special rate will be given at Hotel Willamette of \$2 a day. The regular rate is \$3 to \$5.

Geo. Goodhue will give a special premium of \$1 for the best Oregon bred hen.

The state poultry show will be the finest chance ever offered to farmers to buy stock and eggs and they should not miss it.

Ladies, get your canary birds and pet stock ready.

Salem people should take a great interest in the show, and display their enthusiasm for the enterprise.

The city council has generously given the boys the freedom of the city for their poultry show—remitting all license fee.

Gentlemen—Call and let us take your measure for one of those elegant spring suits from the Royal Tailors. 100 different patterns to select from. Capitol Adventure company.

Pekin duck eggs, for setting, at Davidson & White's Court street market.

### LOCAL AND PERSONAL.

**Coroner Stott is in the city.**  
Attorney J. A. Carson is at Portland on business.

J. H. Albert has returned from his recent visit at San Francisco.

Chas. Weller is home for a visit from New Wheaton, Wash.

The Motor Whist club meets at Eugene Breyman's this evening.

Hon. Z. F. Moody left today for a visit at The Dalles.

Governor Penneyer has returned to his home in Portland.

W. M. Wirt and family spent the afternoon with friends at Woodburn.

Mrs. Stimson, of Portland, who has been visiting at the home of H. W. Hatch, returned this afternoon.

J. M. Morlett, of Jefferson, was a Salem visitor today. He says their precinct will send a solid delegation for Looney as a candidate for sheriff.

Mrs. Prof. Condon came down from Eugene today and is visiting at the home of her daughter, Mrs. Judge Bean.

Mrs. G. Young and Geo. Stearns, of Oakland, are guests at the home of Rector Lund on Church street.

Justices Strahan and Lord are visitors at Portland this afternoon.

J. C. Cooper, of Independence, passed through the city today en route for Portland.

Deputy State Treasurer F. L. Hodgkin goes to California tonight to bring his family home.

C. H. Busby and M. E. Pogue, of the State Insurance company, left this afternoon for Whitman county, Wash.

There will be no contest over the election of school clerk. Everybody is satisfied.

The city council has ordered about a ten thousand dollar improvement on South Commercial street, and the chances of working men to get a living and horses to get feed, look a little brighter.

Preaching this evening at 7 p. m., at the Cumberland church by H. D. Barclay.

There are exactly one hundred more patients at the asylum for the insane than there were a year ago. Ayer's Sarsaparilla is just what you want for a spring medicine—superior to all.

A marriage license has been issued to Mordian Baker and Miss Linnie R. Foss, both of Salem. This couple are to be united in marriage at 5:30 this evening at the residence of Richard Campbell, University addition.

An elegant line of muslin wear for ladies, children and infants just opened at The Palace.

The first grand opening of the season at Mrs. D. L. Fiestler's, Friday and Saturday, March 25th and 26th.

A fine line of pattern hats direct from Chicago and all the latest styles of ladies', misses' and children's hats, caps and bonnets. Also a fine line of imported flowers and Paris novelties.

A marriage license was issued Tuesday afternoon to J. W. Wheeler, age 38, and Ollie K. Caplinger, age 23.

Yesterday THE JOURNAL printers made one of Davidson & White's advertisements read "Pekin duck eggs for setting," whereas it should have read "for setting." as most readers have known. The truth is this enterprising firm offers nothing for sale that requires selling, but while they are not exactly "freshmen" themselves, they do boast of getting everything fresh in their line for their numerous patrons.

Thin hair may be thickened, weak hair strengthened, and the color restored to gray hair, by using Ayer's Hair Vigor.

**FOUNTAIN PENS.**—Frank S. Dearborn the bookseller, is selling a fountain pen at \$1.50 that is finer than any \$2.50 you ever saw.

**Death at the Blind School.**  
Little Amy Dobson, aged eleven years, a blind daughter of J. C. Dobson, of Wallowa county, died at 1:30 o'clock Tuesday night. She had been ill of an inflammatory affection for several weeks. The funeral services will be held at the school Thursday, at 9 o'clock.

We can show the best assortment in ladies' Oxfords and the most reasonable prices of any house in the city. Wm. Brown & Co.

### MARRIED.

**HOVENDEN-GAULT.**—At the parlors of the Cook hotel at 1 o'clock p. m., March 16th 1892. Miss Edith Hovenden, of Marion county, and F. H. Gault, of Woodburn, Or. Justice Batchelor officiating.

### DIED.

**LOW.**—In Salem, Tuesday 10 p. m., March 15, 1892, at her home on Commercial street, Mrs. Hattie Low, aged 44 years.

The deceased was mother of Mrs. Judge Thurston Shaw, of Dalles, and Walter and Bert Low, of Salem.

The funeral was held at the residence over Fishburn & Cox's grocery Wednesday at 2 p. m., and was well attended. Mrs. Low was highly respected and beloved by all who knew her.

### THE FIGHT ON MR. GRIM.

The controversy over Mr. Grim's record as county commissioner, which was begun in THE JOURNAL has grown very hot and now involves the contractors and neighbors of the accused official. Mr. Dimick furnishes figures charging that a Pudding river bridge which cost the county \$400, had only \$233.12 of material in it, leaving a profit of \$166.88 and he says that it could have been put together for \$63.88. Hence he argues that there was a "job" of \$200 in it. He tells of a "job" of grading which a Mr. Coyle did, making \$9.25 a day under Mr. Grim.

Mr. Grim's friends defend him in these matters pretty vigorously. L. B. Sanders says the grading at Western creek bridge was open for bids. W. R. Shearer says with Sanders that the charges against Grim about the grade contracts contain much that is false, and that it was open for bids to the public. Geo. Herren writes that he is a Democrat and will not vote for Mr. Grim, but that in regard to the "Butteville bridge and fill mentioned it was understood that bids were to be left with me at my store for this fill, and I remember having discussed the matter with several parties here endeavoring to secure bids and only succeeded in getting one bid, which was by W. R. Shearer." Mr. Shearer was sick and Mr. Grim got some one else to do the work at \$10 less than the bid.

B. M. Dimick writes that he has "had considerable experience in bridge building in Marion county, and has examined the approach referred to, and consider that it is one of the cheapest pieces of work, considering the workmanship and material, that the county has done for some years."

A. Coyle and D. J. Yoder, who did the grading and bridge work, both make statements denying all the charges against Mr. Grim.

### SUPREME COURT.

### Hill in Alabama.

BIRMINGHAM, March 16.—The city is filled with enthusiastic Democrats to welcome Senator Hill, who arrived this morning. They cheered him as he went to his hotel as the guest of the Hill club of this city. At 11:30 he was escorted by nine hundred prominent citizens and proceeded to the opera house which was lavishly decorated. Hill was introduced by Col. Hewitt and delivered an address which was frequently applauded.

**The Blythe Will Contest.**  
SAN FRANCISCO, March 16.—The appeal in the Blythe case was submitted to the supreme court yesterday, on briefs to be filed by the attorneys representing other claimants to the millions left by the late Thomas H. Blythe, an opportunity being given to the counsel for the respondent and Florence Blythe to file briefs in reply thereto. The outlook is that several months will elapse before the final adjudication of the case, if then.

**Gerrymandered.**  
JEFFERSON CITY, Mo., March 16.—The senate has passed the redistricting bill as it came from the house.

**Strength and Health.**  
If you are not feeling strong and healthy, try Electric Bitter. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50 cents at Daniel J. Fry's drugstore, 225 Commercial street.

**A Farmer's Train.**  
One of the unique sights in railroad traffic, to be seen only on the Long Island railroad, is the train known as "the farmers' train," which is devoted to carrying the farmers' horses and wagons loaded with farm produce to and from market. This train runs from Locust Valley to Long Island City, and makes three round trips a week. It leaves Locust Valley, which is on the Glen Cove branch of the Long Island railroad, on Sunday, Tuesday and Thursday nights, returning on the alternate days. After leaving Locust Valley the train stops at Glen Head, Albertson's and Mineola, which is on the main line of the railroad. After leaving Mineola it runs directly to Long Island City.

At each station at which the train stops there are long wooden platforms with inclined approaches on which the farmers drive their horses and wagons. The horses are then unhitched and the wagons are drawn on to large, open flat cars especially constructed for carrying them. The horses are put into box cars and the farmers and drivers make themselves comfortable in the passenger coach attached to the train.

The distance from Locust Valley to Long Island City is thirty miles. The railroad company charges four dollars for each two horse wagon per round trip, which includes the carrying of the horses and men.

On the arrival of the train in Long Island City the horses and wagons are unloaded from the cars and the farmers drive them across the ferries to dispose of their produce in this city.—New York Times.

**Wonders in Our Own Country.**  
If we would cease to depend so much upon other countries for our models of life and thought, we would have taken the first step toward the Americanism which should be, but is not, ours. We read a vast amount of the wonders of foreign lands, but very few writers—and still fewer reliable ones—tell us of the marvelous secrets of our own. Every intelligent youth knows that there are boomerang throwers in Australia, but how many are aware that there are thousands of natives in the United States just as expert with the magic club as are the bushmen?

All have read of the feats of the jugglers of India, but how many know that there are as good Indian jugglers within our own boundaries? How many young Americans could say, when some traveler recounted the exploits of the famous snake charmers of the orient, "Why, yes; we have tribes of Indians in this country whose trained charmers handle the deadliest snakes with impunity," and go on to tell the facts in the case?

How many know that there are Indians here who dwell in huge six story tenements of their own building? How many know that the last witch in the United States did not go up in cruel smoke above old Salem, but that there is still within our borders a vast domain wherein witchcraft is fully believed in—Charles F. Lummis in St. Nicholas.

**A Pigeon Without Legs.**  
A black pigeon, which is without legs and never had any, is often seen in Cincinnati, in the neighborhood of Broadway and Front street, picking up seed and grain left by the market people. It has an odd way of getting its food. The bird alights on its breast, and seeing anything it wants rolls or wallows over it and picks it up.—Yankee Blade.

**Lime Water and Tall Men.**  
Lime water, it is said, has a tendency to make children grow, and it is a noticeable fact that in those countries where the water is very hard the men are apt to be tall. In Texas the water is strongly impregnated with lime, and the men are veritable sons of Anak.—New York Tribune.

**Curious Apple Trees.**  
In Japan there are apple trees growing four inches in height, which bear fruit freely about the size of currants.—New York Journal.

# NOB HILL.

THIS beautiful, elevated and slightly tract of land, on the southerly extension of the Electric Street Railway, has been platted, surveyed and staked out in blocks and lots as an addition to the City of Salem, and the streets are now being opened. The grounds are clear and seeded in grass, soil is good, no gravel or rocks. The under current of pure water from the mountain ranges forced upward to within 40 feet of the surface by the underlying strata, in addition to a 75 foot pressure from the big reservoir of the Salem Water Co., insures a never-failing supply of pure water. This, in connection with the excellent natural drainage due to the elevation of the property, gives it all the advantages for desirable homes in a healthy locality. This property will now be put on the market at low prices for SIXTY DAYS, when it is expected the street car service will be in operation. Maps of the property can be seen at the office of J. C. Booth in Ladd & Bush bank block, Spaulding & Rogers in the Bush-Breyman block, and the well known firm of Thomas & Johnson, next door to The Statesman office. Any of these gentlemen will answer all questions and show the grounds to persons wishing to purchase, or any application to the proprietor, who may be easily found, will be attended to.
